

Issued July 13, 1912.

United States Department of Agriculture,

OFFICE OF THE SECRETARY.

NOTICE OF JUDGMENT NO. 1513.

(Given pursuant to section 4 of the Food and Drugs Act.)

ADULTERATION OF MILK.

On August 1, 1911, the United States Attorney for the Southern District of Illinois, acting upon a report by the Secretary of Agriculture, filed in the District Court of the United States for said district an information against Chris. Deterding, alias C. Deterding, Formosa, Ill., charging shipment by him, in violation of the Food and Drugs Act, on April 22 and May 1, 1911, from the State of Illinois into the State of Missouri of a quantity of milk which was adulterated. Adulteration was charged in the information for the reason that the product had been watered, that is to say, had water packed and mixed with it and contained an excess of water, which reduced and lowered its strength and quality.

On January 5, 1912, the defendant entered a plea of guilty and was fined \$100 and costs. (Second offense.)

W. M. HAYS,
Acting Secretary of Agriculture.
